

Elopement Deal

A wedding is a wonderful time, and an elopement is no exception. If you want only the two witnesses and yourselves, a celebrant and a photographer then all your friends and relatives can see your wonderful photos after the wedding and on Facebook. (See price below).

OR

If you want a small amount of select friends and relatives we also allow that in an Elopement Deal.

The small wedding allows 6 guests to attend
It also includes the Venue with glorious views for photos
A celebrant plus a photographer. (10 at the wedding all up)

The photographer for the elopement deal will give the couple all the photos in low resolution, but then charge them (still a low amount) for any photos they would like in high resolution for a wall print etc., that way you are still getting a good deal and can opt to pay for some extra photos done up if you would like that, which will cover the photographers time in editing them..
The photographer price will still be amazing.

Some decorations are included.. If extra decorations are required Styling labour price (very economical) plus extra hire decorations can be added at very low cost.
The time frame allowed is up to one hour..

This gives plenty of time for the ceremony plus photos to follow.
If no other wedding follows: extra time can be allowed for photos

The legal paper must be filled in, signed & with Celebrant no later than one month before the wedding
